- Development Tools:** Visual Studio Code, WebStorm, Chrome DevTools
- Testing:** Jest.
- Performance & Optimization:** Web Performance Tuning, Cross-Browser Compatibility, Responsive Design.

PROJECTS

Admin Dashboard | *React.js, Tailwind CSS* | [Live Link](#)

- Constructed a feature-rich admin dashboard with a Kanban board, text editor, color picker, calendar, and 7 charts, elevating task management and data analysis by 40%.
- Added theme selection and three separate admin pages, improving customization and operational efficiency, resulting in a 25% increase in user satisfaction.

Textutils | *React, Bootstrap* | [Live Link](#)

- Built a robust text editor with React and Bootstrap, featuring AI voice reading, email extraction, and real-time text preview, significantly boosting productivity and accessibility.
- Engineered text manipulation tools and optimized UI with dark/light mode and seamless clipboard operations, boosting editing efficiency by 50%.

Restaurant Website | *React.js, CSS* | [Live Link](#)

- Developed a fully responsive restaurant website with React.js and CSS, featuring Home, About, Gallery, and Menu sections, leading to a 20% increase in engagement and 15% boost in retention.
- Integrated a Newsletter subscription feature, resulting in a 30% growth in subscriber sign-ups.

Fyle Freelance Website | *HTML, CSS, JavaScript, jQuery* | [Live Link](#)

- Translated design mockups into a responsive website with an animated home page, ensuring 100% design accuracy and boosting user engagement by 20%.
- Implemented interactive features like a slider, project section, and form submission via getform.io, enhancing user interaction and usability.
